

PRIDE

"Pride is when you are given the opportunity to be among the best."

Rolls-Royce Deutschland brings together a team of approx. 2,400 employees from more than 30 nations, pursuing their passion for excellence when it comes to designing, manufacturing and servicing state-of-the-art aerospace engines.

Our operational unit in Oberursel near Frankfurt am Main/Germany is responsible for Components Manufacturing, Overhaul and Maintenance.

We offer students a range of placement opportunities, allowing them to contribute directly to projects within a specific division and to gain an insight into the company and the people who help to shape it.

This is your opportunity to play an active role within the areas of **Configuration Control & Technical Publications** as a

Placement Student Material Data Administration – 15 to 19 hours per week –

Your responsibilities will include:

- Process material-specific data in various databases according to predefined standards

What we expect:

- Computer literacy in MS Office
- Solid technical understanding

What we can offer:

- Thorough student coaching
- Challenging work environment
- International, multicultural structures
- Remuneration commensurate with experience
- Flexible working hours
