Strategic Report for the year ended 31 December 2021

The Directors present their Strategic Report on Vinters Engineering Limited (the Company) together with the audited Financial Statements for the year ended 31 December 2021.

Principal activities

The principal activities of the Company are the production, repair, and overhaul of power generation, transmission and conversion equipment for military and commercial markets. The Company also acts as a holding Company.

Business review

The financial position of the Company as at 31 December 2021 is shown in the Balance Sheet on page 14, with the results shown in the Income Statement on page 12.

In 2021, revenue increased to £9,022,000 (2020: £8,077,000) as a result of additional Field Electrical Power Supplies (FEPS) repairs and overhauls. This was also the key driver of the increase in cost of sales to £6,086,000 (2020: £4,942,000). Additional costs were also incurred in 2021 in relation to the set-up of repairs work for legacy aero-engines.

Profit before taxation was £3,717,000 (2020: loss of £47,000). The financial performance improved in 2021 due to a favourable movement on the Industrial Diseases provision with a release of £1,836,000 to the income statement.

The net assets at 31 December 2021 were £7,370,000 (2020: £4,007,000). The main driver behind the increase in net assets was due to the release of the Industrial Diseases provision of £1,836,000 (2020: charge of £3,072,000). As a result of the additional FEPS contract repairs mentioned above, there was also increased trading during 2021 with the joint venture Genistics Holdings Limited resulting in higher amounts owed by related parties.

Key performance indicators

The key performance indicators monitored by the business are as follows:

	2021	2020
	£ 000	£ 000
Revenue	9,022	8,077
Profit/(loss) before taxation	3,717	(47)
Net assets	7,370	4,007

Given the nature of the Company's activities, the Directors believe that no further key performance indicators are necessary, or appropriate, for an understanding of the Company's specific development, performance or the position of its business.

Principal risks and uncertainties

The Company acts, where appropriate, in accordance with the policies set by Rolls-Royce Holdings plc (the Group). The Group has an established and structured approach to risk management which is detailed in the Rolls-Royce Holdings plc Annual Report, which is publicly available from the address in note 25.

The Directors have identified the following risks as having the most material impact on the Company with the appropriate mitigating activity detailed in this report. The identified risks are specific to the nature of the business notwithstanding that there are other risks that may occur and may impact the achievement of the Company's objectives. Where relevant these are managed within the Group's risk management procedures.

Strategic Report for the year ended 31 December 2021 (continued)

Principal risks and uncertainties (continued)

Political

The Company trades with various government bodies and carries out some work on a contract basis, sometimes with no specific guarantee of involvement in future contracts.

The Company is therefore potentially exposed to shifting political sentiment, although the Directors believe the Company's long and lasting relationships with these government bodies means there is limited risk of a wholesale impact on revenue streams.

Industrial Diseases Provision

The Company makes provision for an industrial diseases liability resulting from businesses previously owned by the Group. Each year the Company obtains an independent actuarial review of claims made. The Directors of the Company assess the provision for reasonableness in conjunction with the above report and all other information available.

Climate change

The Directors have considered the potential impact of climate change when preparing the Financial Statements and whether climate change should be considered to be a principal risk to the Company. The Company operates as part of the Group, which recognises the urgency of the climate challenge and has committed to net zero carbon by 2050. The principal risk to meeting these commitments is the need to transition products and services to a lower carbon economy.

Impact of Ukraine and inflation

The Company acknowledges the current conflict and stands with the people of Ukraine. The Company's priority is to take care of the people affected by the situation and minimise impact to operations and customers.

The Company continues to monitor escalating inflation across the UK and broader worldwide markets. The Directors remain confident that there are plans in place to mitigate and recover these incremental costs and will continue to work with the direct and indirect supply base to minimise the impact and to source alternatives where appropriate.

Section 172(1) statement

Section 172 of the Companies Act 2006 requires a Director of a Company to act in the way he or she considers, in good faith, would most likely promote the success of the Company for the benefit of its members as a whole. In doing this, Section 172 requires a Director to have regard, amongst other matters, to the:

- likely consequences of any decisions in the long-term;
- the interests of the Company's employees;
- need to foster the Company's business relationships with suppliers, customers and others;
- impact of the Company's operations on the community and environment;
- desirability of the Company maintaining a reputation for high standards of business conduct;
- need to act fairly between members of the Company.

To discharge their Section 172 duties the Company's Directors had regard to the factors set out above in making the principal decisions taken by the Company.

The Company has a range of key stakeholders including employees, external suppliers, investors and customers. Communication with both key suppliers and customers occurs on a regular basis. Engagement with the main customer, the UK Ministry of Defence, occurs throughout all levels of the business, including senior stakeholders which takes into account important events that may affect the way business is delivered, contract status updates and people related changes. Management engage with suppliers through review boards and regular performance and compliance meetings.

Strategic Report for the year ended 31 December 2021 (continued)

Section 172(1) statement (continued)

The Directors believe that, individually and together, they have acted in the way they consider, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole, having regard to the stakeholders and matters set out in s172(1)(a)-(f) of the Companies Act 2006 in the decisions taken during the year ended 31 December 2021.

There is regular engagement within the Group on employee-related matters, which is taken into account during the Company's decision making. Where the Directors do not engage directly with the Company's stakeholders, they are kept up to date to enable them to maintain an effective understanding of what matters to those stakeholders and can draw on these perspectives in Board decision-making. All employees are invited to participate in an annual employee engagement survey, provided by Gallup, which is taken into account in the Company's decision making.

The Directors consider business relationships with the Company's wider stakeholders. The impact of Company operations on the environment and communities in which it operates is embedded in all Company decision-making and risk assessment throughout the year. As a Group Company, the Company complies and acts in accordance with the Group's policies in relation to the safeguarding of human rights and the community relationships as outlined in the Roll-Royce Holdings plc Annual Report which is publicly available from the address in note 25.

Climate-related corporate reporting

The Company adopts the policies and frameworks set by the Group which include the sustainability measures set out in the Rolls-Royce Holdings plc Annual Report on pages 34 to 45. The Company is aligned to the objectives of the Group. The Directors fully recognise their responsibility to have regard to the impact of the Company's operations on the community and environment.

Streamlined Energy & Carbon Reporting (SECR)

The Company is a subsidiary of the Group and therefore the SECR disclosures required in relation to both Rolls-Royce Holdings plc and the Company have been included in the Rolls-Royce Holdings plc Annual Report on page 212. The Rolls-Royce Holdings plc Annual Report has been prepared for the same financial year as the Company.

Approved by the Board on 7 July 2022 and signed on its behalf by:

Tiziana Iacolino

Director

Directors' Report for the year ended 31 December 2021

The Director's present their Director's Report on the Company together with the audited Financial Statements for the year ended 31 December 2021.

Directors

The Directors who held office during the year and up to the date of signing the Annual Report and Financial Statements were as follows:

Bryony French

Tiziana Iacolino

Qualifying third-party indemnity provisions

The Company has made qualifying third-party indemnity provisions for the benefit of its Directors which were in place during the year and remain in force at the date of the approval of the Annual Report and Financial Statements.

Results and dividends

The Company made £3,349,000 profit after taxation for the year (2020: £96,000 loss). The net assets of the Company are £7,370,000 (2020: £4,007,000).

The Directors do not recommend the payment of a dividend (2020: £nil).

Future developments

The Company is tracking the progress of several opportunities in the traditional land defence sector, in addition to new opportunities within adjacent markets. The UK Ministry of Defence (MOD) are in the early stages of defining the requirements for future power needs and there are plans to replace the current contract. The existing Future Power contract is anticipated to be extended for 12-18 months whilst the MOD set out their requirements and negotiate with potential providers.

Financial risk management

The following financial risks are considered key by the Directors:

Interest risk

Cash balances are held at floating rates and the Company is therefore exposed to movements in interest rates which is mitigated by the Group managing the overall interest rate risk at group level.

Credit risk

The Company's credit risk is primarily attributable to its trade receivables. The amounts presented in the balance sheet are net of provisions for impairment. The main customers of the Company are in the Defence sector and have a history of paying to terms and therefore the risk of default is considered low. The Company reviews the aging of balances on a monthly and adjusts for provisioning where considered appropriate.

Going concern

The Financial Statements have been prepared on a going concern basis. The Directors consider that the Company will have sufficient financial resources to meet its obligations for the foreseeable future that is for at least 12 months from the date of approval of these Financial Statements.

Rolls-Royce plc, a parent undertaking, has provided written confirmation of its intention to continue to provide financial support to the Company such that the Company is able to operate as a going concern and to settle their liabilities as they fall due for a period of at least 12 months from the date of signing these Financial Statements. After considering the above, the Directors are satisfied that it remains appropriate to prepare the Company Financial Statements on a going concern basis.

Directors' Report for the year ended 31 December 2021 (continued)

Subsidiary distributions

As part of a Rolls-Royce Holdings plc group wide corporate simplification exercise, intercompany loan waivers were undertaken by dormant subsidiaries of the Company prior to their strike off in 2018 and in preceding years. The Company received dividends in specie resulting from the waiver of amounts owed by the Company to these dormant subsidiaries in respect of £72,800,000. Subsequently, it has been determined that the distributions made to the Company were not strictly permissible by law as there were insufficient distributable reserves available in the dormant subsidiaries at the point the transactions occurred. In this situation, the Company is liable to repay the distributions not strictly permissible by law due to there being insufficient distributable reserves in the dormant subsidiaries of £64,200,000.

The relevant subsidiary undertakings (the Subsidiaries) were restored to the Register of Companies in 2021. Following restoration, the Subsidiaries intend to complete capital reductions to create additional distributable reserves, with the intention of relying on such reserves to make new distributions to remedy this position during 2022. Having received external legal advice, the directors of the Company consider that having taken these necessary steps the risk of any liability materialising is remote, and therefore no liability has been recognised as at 31 December 2021 and 31 December 2020.

Engagement with suppliers, customers, and others

The Company aims to foster enduring relationships with its stakeholders as identified in the Section 172 Statement in the Strategic Report (see page 3).

The Company's activities affect a wide range of stakeholders and the Company engages with these stakeholders and listens to their differing inputs and priorities as an everyday part of its business and uses the input and feedback to form its decision-making process. The Company utilises various engagement methods with its customers which include regular customer engagement meetings at both Director and management level.

Independent auditors

The auditors, PricewaterhouseCoopers LLP, have indicated their willingness to continue in office and are deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of Directors' responsibilities in respect of the Financial Statements

The Directors are responsible for preparing the Annual Report and the Financial Statements in accordance with applicable law and regulation.

Company law requires the Directors to prepare Financial Statements for each financial year. Under that law the Directors have prepared the Financial Statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law).

Under Company law the Directors must not approve the Financial Statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing the Financial Statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 101, have been followed, subject to any material departures disclosed and explained in the Financial Statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

Directors' Report for the year ended 31 December 2021 (continued)

Statement of Directors' responsibilities in respect of the Financial Statements (continued)

The Directors are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the Financial Statements comply with the Companies Act 2006.

Directors' confirmations

In the case of each Director in office at the date the Directors' Report is approved:

- so far as the Director is aware, there is no relevant audit information of which the Company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a Director in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Director

Independent auditors' report to the members of Vinters Engineering Limited

Report on the audit of the Financial Statements

Opinion

In our opinion, Vinters Engineering Limited's Financial Statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2021 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the Financial Statements, included within the Annual Report, which comprise: the Balance Sheet as at 31 December 2021; the Income Statement, the Statement of Comprehensive Income and the Statement of Changes in Equity for the year then ended; and the notes to the Financial Statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the Company in accordance with the ethical requirements that are relevant to our audit of the Financial Statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the Financial Statements are authorised for issue.

In auditing the Financial Statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the Financial Statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the Company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Independent auditor's report to the members of Vinters Engineering Limited

Reporting on other information

The other information comprises all of the information in the Annual Report other than the Financial Statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the Financial Statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the Financial Statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

Strategic report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic report and Directors' Report for the year ended 31 December 2021 is consistent with the Financial Statements and has been prepared in accordance with applicable legal requirements. In light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic report and Directors' Report.

Responsibilities for the Financial Statements and the audit

Responsibilities of the directors for the Financial Statements

As explained more fully in the Statement of Directors' Responsibilities, the directors are responsible for the preparation of the Financial Statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Independent auditors' report to the members of Vinters Engineering Limited

Auditors' responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and industry, we identified that the principal risks of non-compliance with laws and regulations related to tax compliance legislation and the Companies Act 2006, and we considered the extent to which non-compliance might have a material effect on the Financial Statements. We evaluated management's incentives and opportunities for fraudulent manipulation of the Financial Statements (including the risk of override of controls), and determined that the principal risks were related to the posting of inappropriate journal entries to manipulate financial results; management bias in accounting estimates; and inappropriate treatment of significant transactions outside of the normal course of business. Audit procedures performed by the engagement team included:

Discussions with management in respect of any known or suspected instances of non compliance with laws and regulation and any fraud matters;

Challenging assumptions and judgements made by management for evidence of bias in determining significant account estimates including those related to long-term contract accounting;

Identifying and testing unusual journal entries, in particular those posted with unusual account combinations such as those increasing revenue or those reducing expenditure; and

Gaining an understanding and testing any significant transactions outside of the normal course of business

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the Financial Statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the Financial Statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Independent auditors' report to the members of Vinters Engineering Limited

Use of this report

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not obtained all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the Company, or returns adequate for our audit have not been received from branches not visited by us; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- the Financial Statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Notes to the Financial Statements for the year ended 31 December 2021

1 General information

The Company is a private Company limited by shares, incorporated and domiciled in the East Midlands, United Kingdom.

The address of its registered office is Moor Lane, Derby, Derbyshire, DE24 8BJ. The principal place of business is Barlow Drive, Winsford, Cheshire, CW7 2JZ.

Principal activities

The principal activities of the Company are the production, repair and overhaul of power generation, transmission and conversion equipment for military and commercial markets. The Company also acts as a holding Company.

2 Significant accounting policies

The significant accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these Financial Statements.

Basis of preparation

The Financial Statements of the Company have been prepared in accordance with Financial Reporting Standard 101, 'Reduced Disclosure Framework' (FRS 101). The Financial Statements have been prepared under the historical cost convention, in accordance with the Companies Act 2006.

In these Financial Statements the Company has applied the exemptions available under FRS 101 in respect of the following disclosures:

- The following paragraphs of IAS 1 Presentation of Financial Statements:
 - 10(d) (statement of cash flows);
 - 16 (statement of compliance with all IFRS);
 - 111 (statement of cash flows information); and
 - 134-136 (capital management disclosures);
- IAS 7 Statement of cash flows;
- Paragraphs 30 and 31 of IAS 8 Accounting policies, changes in accounting estimates and error (requirement for the disclosure of information when an entity has not applied a new IFRS that has been issued but is not yet effective);
- IFRS 7 Financial Instruments: Disclosures;
- Paragraph 38 of IAS 1 *Presentation of Financial Statements* comparative information requirements in respect of:
 - paragraph 73(e) of IAS 16 Property, plant and equipment; and
 - paragraph 118(e) of IAS 38 *Intangible assets* (reconciliations between the carrying amount at the beginning and end of the period);
- The requirements of the second sentence of paragraph 110 and paragraphs 113(a), 114, 115, 118, 119(a), 120 to 127 and 129 of IFRS 15: Revenue from Contracts with Customers;
- Paragraphs 45(b) and 46 to 52 of IFRS 2, Share-based payment (details of the number and weighted average exercise prices of share options, and how the fair value of goods or services received was determined);
- The requirements in IAS 24 *Related party disclosures*, to disclose related party transactions entered into between two or more members of a group; and
- Paragraph 17 of IAS 24 Related party disclosures (key management compensation).

New standards, amendments and IFRIC interpretations

There are no amendments to accounting standards, no new standards or IFRIC interpretations that are effective for the year ended 31 December 2021 that have a material impact on the Company's Financial Statements.

Notes to the Financial Statements for the year ended 31 December 2021 (continued)

2 Significant accounting policies (continued)

Critical accounting judgements and key sources of estimation uncertainty

The preparation of the Financial Statements requires the use of certain critical accounting estimates. It also requires the Directors to exercise their judgement in the process of applying the accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the Financial Statements, are as follows:

Key sources of estimation uncertainty - Industrial Diseases liability provision

This provision relies on assumptions and estimates used by the external actuaries in calculating the likely provision required for industrial diseases liabilities. These assumptions include discount rates, assessment of inflation and the number of future claims. The outstanding provision at 31 December 2021 is £16,348,000 (2020: £18,389,000) as £1,836,000 has been reversed in 2021 (2020: £0).

Key sources of estimation uncertainty - Long term contracts

Key estimates in the business relate to the contract trading positions. Profit traded on long term contracts is based on the contract margin forecast at completion and the stage of completion of the contract. Forecast costs to completion are based upon estimates of costs to complete over the remaining contract life, which are subject to contract reviews and the process that underpins the reviews. During the year, changes in estimate resulted in an adjustment of £1,769,000 (2020: £575,000).

Critical accounting judgement - Multi-employer defined benefit pension scheme

Certain employees participate in a multi-employer defined benefit pension scheme with other Companies in the Group. In the judgement of the Directors, the Company does not have sufficient information on the plan assets and liabilities to be able to reliably account for its share of the defined benefit obligations and plan assets and therefore the scheme is accounted for as a defined contribution scheme (see note 9 for further details).

Going concern

The Financial Statements have been prepared on a going concern basis. The Directors consider that the Company will have sufficient financial resources to meet its obligations for the foreseeable future that is for at least 12 months from the date of approval of these Financial Statements.

Rolls-Royce plc, a parent undertaking, has provided written confirmation of its intention to continue to provide financial support, as necessary, for a period of at least 12 months from the date of signing these Financial Statements, to ensure the Company has adequate resources to maintain its operational existence and to meet its financial demands for the foreseeable future.

Subsidiary distributions

As part of a Rolls-Royce Holdings plc group-wide corporate simplification exercise, intercompany loan waivers were undertaken by dormant subsidiaries of the Company prior to their strike off in 2018 and in preceding years. The Company received dividends in specie resulting from the waiver of amounts owed by the Company to these dormant subsidiaries in respect of £72,800,000. Subsequently, it has been determined that the distributions made to the Company were not strictly permissible by law as there were insufficient distributable reserves available in the dormant subsidiaries at the point the transactions occurred. In this situation, the Company is liable to repay the distributions not strictly permissible by law due to there being insufficient distributable reserves in the dormant subsidiaries of £64,200,000.

Notes to the Financial Statements for the year ended 31 December 2021 (continued)

2 Significant accounting policies (continued)

Subsidiary distributions (continued)

The relevant subsidiary undertakings (the Subsidiaries) were restored to the Register of Companies in 2021. Following restoration, the Subsidiaries intend to complete capital reductions to create additional distributable reserves, with the intention of relying on such reserves to make new distributions to remedy this position during 2022. Having received external legal advice, the Directors of the Company consider that having taken these necessary steps the risk of any liability materialising is remote, and therefore no liability has been recognised as at 31 December 2021 and 31 December 2020.

Exemption from preparing group accounts

The Financial Statements contain information about the Vinters Engineering Limited as an individual Company and do not contain consolidated financial information as the parent of a group.

The Company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated Financial Statements as it and its subsidiary undertakings are included by full consolidation in the Consolidated Financial Statements of a group parent, Rolls-Royce plc, a Company incorporated in United Kingdom, which are publicly available. The address of the parent Company's registered office is set out in note 6.

Functional and presentational currency

The functional and presentational currency of the Company is Pound Sterling. All amounts in the Financial Statements and notes have been rounded to the nearer thousand Pounds Sterling unless otherwise stated.

Revenue recognition

The Company splits its Future Power Contractor Logistics Support (CLS) contract into two performance obligations (one "over time", the other "point in time"). The Company also has other contracts where revenue is either recognised over time or at a point in time.

Revenue is recognised when services have been provided to the customer. A five-step recognition model is used to apply the standard as follows: (1) identify the contract(s) with the customer; (2) identify the separate performance obligations in the contract; (3) determine the transaction price; (4) allocate the transaction price to separate performance obligations; and (5) recognise revenue when (or as) each performance obligation is satisfied.

Under IFRS 15, where a performance obligation is satisfied over time, revenue is recognised on an activity basis using the costs incurred as the measure of the activity, the Future Power CLS contract is the only significant contract recognised over time.

The contracts held by the Company relate to continued logistical support service, repair work and occasional specific development, as such returns are not a feature. The transaction price for the contracts are either derived from the value of the fixed price contract, or for Future Power CLS, will be the fixed price element together with the variable element as per the latest forecasts.

The Company receives payment under a pre-defined payment plan agreed at the start of each contract. For the largest contract, Future Power CLS, payment is predefined as a series of equal monthly payments with an annual adjustment to allow for a 'Total Cost Incentive Fee'. Payments due to the Company for smaller contracts are triggered by set milestones in the contracts.

Progress payments received, when greater than recorded revenue on a contract, are classified as contract liabilities, representing the Company's outstanding performance obligation in respect of the contract. The amount by which the recorded revenue on a contract is in excess of payments on account is classified as a contract asset, represent the Company's right to consideration for completed performance under the contract.

Notes to the Financial Statements for the year ended 31 December 2021 (continued)

2 Significant accounting policies (continued)

Foreign currency transactions and balances

Transactions in foreign currencies are initially recorded at the functional currency rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated into the respective functional currency of the Company at the rates prevailing on the reporting period date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the initial transaction dates. Non-monetary items measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences arising on foreign exchange transactions and the retranslation of monetary items into functional currencies are included within net financing.

Taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the income statement, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates taxable income.

Deferred income tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Financial Statements and on unused tax losses or tax credits in the Company. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and a valuation allowance is set up against deferred tax assets so that the net carrying amount equals the highest amount that is more likely than not to be recovered based on current or future taxable profit.

Property, plant and equipment

Property, plant and equipment assets are stated at cost less accumulated depreciation and any provision for impairment in value. The profit/(loss) on disposal of property, plant and equipment is recognised in other income/(expenses) when control of an asset is transferred.

Depreciation

Depreciation is provided on a straight-line basis to write off the cost, less the estimated residual value, of property, plant and equipment over their estimated useful lives. No depreciation is recorded on assets under construction. Property, plant and equipment are assessed for any indications of impairment annually.

Asset class Depreciation method and rate

Depreciated over 40 years. No Freehold Land and Buildings depreciation is provided on

freehold land.

Plant & machinery Depreciated over 15 years.

Investments

Fixed asset investments are shown at cost less accumulated impairment losses.

Inventories

All inventory is valued at standard cost calculated on a rolling basis. Cost comprises direct materials and, where applicable, direct labour costs and those overheads, including depreciation of property, plant and equipment, that have been incurred in bringing the stocks to their present location and condition. Inventory is held at the lower of cost and net realisable value (NRV). NRV represents the estimated selling prices less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

Notes to the Financial Statements for the year ended 31 December 2021 (continued)

2 Significant accounting policies (continued)

Trade receivables

Trade receivables are amounts due from customers for merchandise sold or services performed in the ordinary course of business. If collection is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade receivables are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. The Company applies the IFRS 9 *Financial Instruments*, simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

Contract assets and liabilities

Contract assets, mainly comprising of accrued income, primarily relate to the Company's right to consideration for work completed but not yet invoiced at the reporting date in accordance with IFRS 15. Contract liabilities, mainly comprising of deferred income, primarily relate to the consideration received from customers in advance of transferring goods or services. The Company has chosen not to present contract liabilities and contract assets as a separate line item on the balance sheet but to include within the trade and other payables note (note 17) and trade and other receivables (note 15).

Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Provisions

Provisions are recognised when the Company has a present obligation as a result of a past event, and it is probable that the Company will be required to settle that obligation. Provisions are measured at the Directors' best estimate of the expenditure required to settle the obligation at the balance sheet date and are discounted to present value where the effect is material.

Defined benefit pension obligation

The Company participates in a group wide pension scheme providing benefits based on final pensionable pay.

The assets of the scheme are held separately from those of the Company. The Company is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and reasonable basis and therefore, as required by IAS 19 *Employee Benefits*, accounts for the scheme as if it were a defined contribution scheme.

As a result, the amount charged to the income statement represents the contributions payable to the scheme in respect of the accounting period.

Further disclosure relating to the scheme is given in the consolidated Financial Statements of the Group, which can be obtained from the address given in note 6 to these Financial Statements.

Notes to the Financial Statements for the year ended 31 December 2021 (continued)

2 Significant accounting policies (continued)

Share-based payments

The parent Company on behalf of the Company provides share-based payment arrangements to certain employees. These are equity-settled arrangements and are measured at fair value (excluding the effect of non-market based vesting conditions) at the date of grant.

The fair value is expensed on a straight-line basis over the vesting period. The amount recognised as an expense is adjusted to reflect the actual number of shares or options that will vest, except where additional shares vest as a result of the Total Shareholder Return (TSR) performance condition in the Performance Share Plan.

The costs of these share-based payments are treated as a capital contribution from the parent Company. Any payments made by the Company to its parent Company, in respect of these arrangements, are treated as a return of this capital contribution.

The fair values of the share-based payment arrangements are measured as follows:

- i) ShareSave plans using the binomial pricing model; and
- ii) Long-term incentive plan using a pricing model adjusted to reflect non-entitlement to dividends (or equivalent) and the TSR market-based performance condition.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

3 Revenue

Revenue is recognised as follows:

	2021 £ 000	2020 £ 000
Over time	4,296	4,318
Point in time	4,726	3,759
	9,022	8,077

All revenue is derived from sales in the United Kingdom.

4 Operating profit/(loss)

Arrived at after crediting:

	2021 £ 000	2020 £ 000
Inventory recognised as an expense	2,044	1,710
Depreciation expense (see note 12)	130	136

Notes to the Financial Statements for the year ended 31 December 2021 (continued)

5 Staff costs

The aggregate payroll costs were as follows:

	2021 £ 000	2020 £ 000
Wages and salaries	1,950	1,903
Social security costs	209	205
Other pension costs	200	265
Share-based payment	14	40
	2,373	2,413

The monthly average number of persons employed (including Directors) by the Company during the year, analysed by category was as follows:

	2021 No.	2020 No.
Salaried staff	41	40
Weekly paid	4	2
	45	42

6 Directors' remuneration

All Directors fees or emoluments were paid by Rolls-Royce plc and the amount attributable to the qualifying services provided by the Directors of the Company cannot be reliably estimated. No charge has been made in the current or prior years for the service of Directors.

7 Auditors' remuneration

The fee for the audit of these Financial Statements is £80,000 (2020: £63,000) and is borne by the parent Company and not recharged to the Company.

£Nil (2020: £nil) was paid to the Company's auditors for non-audit services.

8 Other operating income/(expense)

	2021 £ 000	2020 £ 000
Income from sale of fixed assets	_	1,200
Reversal/(charge) to income		
statement on provision	1,836	(3,072)
	1,836	(1,872)

The reversal/(charge) of the provision relates to the industrial diseases liability provision resulting from businesses previously owned by the Group. In 2021, £1,836,000 was credited (2020: £3,072,000 debited) to the income statement following an annual independent actuarial review of claims made in respect of the above. This can be seen in note 18.

In 2020, £1,200,000 was received in relation to the sale of the last remaining non-operational property asset (Crayford Sportsground) that was acquired with a nil net book value in 1999.

Notes to the Financial Statements for the year ended 31 December 2021 (continued)

11 Taxation (continued)

The tax assessed for the year is lower than (2020: higher than) the standard rate of corporation tax in the UK of 19.00% (2020: 19.00%). The differences are explained below:

	2021 £ 000	2020 £ 000
Profit/(loss) before taxation	3,717	(47)
Profit/(loss) before tax multiplied by the standard rate of corporation tax in the UK of		
19% (2020: 19%)	706	(9)
Adjustments in respect of prior periods	44	(19)
Tax rate differential on temporary differences	(8)	_
Foreign tax on income for previous periods	(460)	_
Increase in tax from adjustment for prior periods	88	37
(Income not taxable)/expenses not deductible		
for tax purposes	(2)	40
Total tax charge	368	<u>49</u>

The Spring Budget 2021 announced that the UK corporation tax rate would increase from 19% to 25% from 1 April 2023. The new law was substantively enacted on 24 May 2021. The prior year deferred tax asset was calculated at 19%, as this was the enacted rate at the 2020 balance sheet date. As the 25% has been substantively enacted before 31 December 2021, the deferred tax asset has been re-measured at 25%. The resulting credit has been recognised in the income statement. Accordingly, in 2021, £88,000 has been credited to the income statement.

Deferred tax

Deferred tax movement during the year:

	At 1		At 31
	January 2021 £ 000	Recognised in income £ 000	December 2021 £ 000
Accelerated tax depreciation	305	94	399
Other temporary differences	(25)	5	(20)
Net deferred tax liability	280	99	379

Notes to the Financial Statements for the year ended 31 December 2021 (continued)

11 Taxation (continued)

Deferred tax movement during the prior year:

	At 1 January 2020	Recognised in income	At 31 December 2020
	£ 000	£ 000	£ 000
Accelerated tax depreciation	312	(7)	305
Other temporary differences	(4)	(21)	(25)
Net deferred tax liability	308	(28)	280

Other temporary differences above relate to adjustments in respect of prior years.

12 Property, plant and equipment

	Freehold land and buildings £ 000	Plant and machinery £ 000	Assets under construction £ 000	Total £ 000
Cost				
At 1 January 2021	4,062	2,268	477	6,807
Additions			64	64
At 31 December 2021	4,062	2,268	541	6,871
Accumulated depreciation				
At 1 January 2021	1,313	2,069	_	3,382
Charge for the year	77	53		130
At 31 December 2021	1,390	2,122		3,512
Carrying amount				
At 31 December 2021	2,672	146	541	3,359
At 31 December 2020	2,749	199	477	3,425

The cost of non-depreciable land included above is £1,068,000 (2020: £1,068,000).

Notes to the Financial Statements for the year ended 31 December 2021 (continued)

13 Investments

Notes to the Financial Statements for the year ended 31 December 2021 (continued)

14 Inventories

	2021	2020	
	£ 000	£ 000	
Raw materials and consumables	1,563	1,298	
Work in progress	519	708	
	2,082	2,006	

There is no significant difference between replacement cost of raw materials, consumables or work in progress and their carrying amounts. Inventories are stated after a provision for impairment of £288,000 (2020: £272,000).

15 Trade and other receivables

	2021 £ 000	2020 £ 000
Trade receivables	731	428
Amounts owed by related party undertakings	1,668	1,016
Prepayments and accrued income	37	39
Amounts owed by group undertakings	31,563	31,172
	33,999	32,655

Amounts due from group undertakings are unsecured, interest free, have no fixed date of repayment and are repayable on demand.

Trade receivables are stated after provisions for impairment of £nil (2020: £15,000). Amounts owed by group undertakings are stated after provision for impairment of £189,000 (2020: £213,000) for expected credit losses in respect of loans and receivables from group entities in accordance with IFRS 9.

16 Contract assets and liabilities

	2021	2020
	£ 000	£ 000
Contract assets	138_	122

No impairment losses of contract assets (2020: none) have arisen during the year to 31 December 2021.

	Current		Non-current		Total	
	2021 £ 000	2020 £ 000	2021 £ 000	2020 £ 000	2021 £ 000	2020 £ 000
Contract liabilities	2,185	1,447		1,087	2,185	2,534

£323,000 of the opening contract liability has been recognised in income during the year to 31 December 2021 (2020: £190,000).

Notes to the Financial Statements for the year ended 31 December 2021 (continued)

17 Trade and other payables

	2021 £ 000	2020 £ 000
Trade payables	210	364
Amounts due to group undertakings	50,685	50,088
Accruals	409	407
Social security and other taxes	143	62
	51,447	50,921

Amounts due to group undertakings are unsecured, interest free, have no fixed date of repayment and are repayable on demand.

18 Provisions for liabilities

	Industrial diseases liability £ 000	Warranties £ 000	Total £ 000
At 1 January 2021	18,389	89	18,478
Provisions utilised	(205)	_	(205)
Reversals	(1,836)		(1,836)
At 31 December 2021	16,348	89	16,437
Non-current liabilities	<u> 16,148</u>		16,148
Current liabilities	199	89	288

The industrial diseases provision relates to businesses previously owned by the Group. The provision is expected to be utilised over the next 30-40 years. The discount rate used in the actuarial valuation is 1.24% (2020 0.81%) which aligns with the yield on a UK 30-year gilt. Of the total Industrial Diseases provision at 31 December 2021, £288,000 is presented as a current liability (2020: £1,078,000).

The provision of £89,000 relates to customer warranties (2020: £89,000) which are expected to be utilised within 12 months.

19 Post-retirement benefits

The Company is a participating employer in the Rolls-Royce UK Pension Fund which is a multi-employer defined benefit scheme. The assets of the scheme are held in a separate fund administered by trustees and invested independently of the finances of the Group. The scheme is funded by annual contributions from the Company and scheme members.

As at 31 December 2021 the Rolls-Royce UK Pension Fund is £1,118,000,000 in surplus (2020: £883,000,000 surplus).

Notes to the Financial Statements

for the year ended 31 December 2021 (continued)

19 Post-retirement benefits (continued)

In accordance with IAS 19 *Employee Benefits*, the net defined benefit cost is recognised in the Financial Statements of Rolls-Royce plc, the Group entity that is legally the sponsoring employer for the plan. On 31 December 2020, the scheme was closed to future accrual. The Company has recognised £nil (2020: £149,000) representing its contributions paid for defined benefit schemes to the Group for the year.

The Company also operates a defined contribution scheme for employees. The pension cost for the year was £200,000 (2020: £116,000) and there were no outstanding or prepaid contributions at 31 December 2021 (2020: £nil).

The IAS 19 disclosure relating to the schemes is given in the consolidated Financial Statements of the Group.

20 Share-based payments

Share-based payments in the year were £14,000 (2020: £40,000).

During the year, the Company participated in the following share-based payment plans operated by the Group:

Long Term Incentive Plan (LTIP)

These plans involve the award of shares to participants subject to performance conditions. Vesting of the performance shares is based on the achievement of both non-market-based conditions (EPS and cash flow per share) and a market-based performance condition (Total Shareholder Return – TSR) over a three-year period.

ShareSave share option plan

Based on a three or five-year monthly savings contract, eligible employees are granted share options with an exercise price of up to 20% below the share price when the contract is entered into. Vesting of the options is not subject to the achievement of a performance target. The plan is HM Revenue & Customs approved.

As share options are exercised throughout the year, the weighted average share price during the year of 119p (2020: 203p) is representative of the weighted average share price at the date of exercise. The closing price as at 31 December 2021 was 123p (2020: 111p). There were no exercisable options as at 31 December 2021 (2020: Nil).

Share options outstanding at the end of the year have the following expiry dates and exercise prices:

		<u> </u>	ShareSave share options	
Grant - vest	Expiry date (31 January)	Exercise price in pence per share option	2021	2020
2015 – 2021	2021	212	-	7,086
2017 – 2021	2021	260	-	5,850
2017 – 2023	2023	260	2,951	7,469
2019 – 2023	2023	232	4,710	13,548
2019 - 2025	2025	232	4,179	11,181
2021 - 2025	2025	97	83,349	
			95,189	45,134

Notes to the Financial Statements for the year ended 31 December 2021 (continued)

21 Called-up share capital

	2021		2020	
	No. 000	£ 000	No. 000	£ 000
Ordinary shares of £0.50				
each	343,298	171,649	343,298	171,649

Rights, preferences and restrictions

Ordinary shares:

Ordinary shares have the following rights, preferences and restrictions:

Any proxy appointed by a member will be entitled to vote on a show of hands or a poll, with each member entitled to one vote. The Company may declare dividends by ordinary resolution, but no dividend should exceed the amount recommended by the Directors.

22 Contingent liabilities

In January 2017, after full cooperation, the Group concluded deferred prosecution agreements (DPA) with the SFO and the US Department of Justice (DoJ) and a leniency agreement with the MPF, the Brazilian federal prosecutors. The terms of both DPAs have now expired; the DPA with the DoJ was dismissed by the US District Court on 19 May 2020 and the SFO filed notice of discontinuance of proceedings with the UK Court on 18 January 2022. Certain authorities are investigating members of the Group for matters relating to misconduct in relation to historical matters. The Group is responding appropriately. Action may be taken by further authorities against the Group or individuals. In addition, the Group could still be affected by actions from customers and customers' financiers. The Directors are not currently aware of any matters that are likely to lead to a material financial loss over and above the penalties imposed to date but cannot anticipate all the possible actions that may be taken or their potential consequences.

23 Capital commitments

Total contracted capital commitments at 31 December 2021 were £19,000 (2020: £42,000).

24 Related party transactions

Sales to another Rolls-Royce Holdings plc group joint venture in the year were £4,254,000 (2020: £3,339,000) and purchases in the year were £45,000 (2020: £45,000). Amounts due from related parties at the 31 December 2021 were £1,668,000 (2020: £1,016,000). Amounts due to related parties at the 31 December 2021 were £Nil (2020: £55,000).

25 Parent and ultimate parent undertaking

The Company's immediate parent is Vinters Limited.

The ultimate parent undertaking is Rolls-Royce Holdings plc.

The ultimate parent undertaking and controlling party is Rolls-Royce Holdings plc, which is the parent undertaking of the largest group to consolidate these Financial Statements. Rolls-Royce plc is the parent undertaking of the smallest group to consolidate these Financial Statements.

Both sets of Financial Statements are available upon request from Kings Place, 90 York Way, London, United Kingdom, N1 9FX.
